

Daily Reading Log

Number: _____ Name: _____

Each night students are expected to read for a **minimum of 30 minutes** in efforts to meet their reading goals. Students are encouraged to not just read alone, but with another fluent reading adult to provide feedback on student progress and to model how to read appropriately. Encourage student successes and be specific on how they can improve their skills. Discuss the reading with your child and connections they can make to other stories or real world events. Happy Reading!!! – Mr. Rodriguez

Date	Book Information	How Many Minutes	Parent Signature
